A while back, Muslim (and Democrat) representative Ilhan Omar made comments about the impact about the Israeli lobby in American politics. She also suggested that members of Congress were in essence being bought off. This brought about rounds of criticism, and claims that the Muslim woman is an anti-Semite.

Omar faced a public backlash for suggesting that the US Congress was in the pocket of AIPAC, and that it was “all about the Benjamins” (which of course is a reference to money).

Here’s the thing, though: while Omar’s comments were intentionally inflammatory (and likely aided by her Islamic beliefs), they are not unfounded. It is truthful that AIPAC and other such lobbying firms do play a huge role in ~~paying off~~ contributing to political campaigns.

It is also true that the United States spends heavily on the military defense of Israel, and has anti-BDS (ban, divest, sanction) laws. These aid Israel both militarily and economically. Money well spent.

Robert Menendez	Dem	NJ	\$548,507
Ted Cruz	Repub	TX	\$352,894
Sherrod Brown	Dem	OH	\$230,342
Tammy Baldwin	Dem	WI	\$229,896
Beto O'Rourke	Dem	TX	\$226,690

These are just 5 of the Senators and Congresspeople who are ~~being bribed~~ receiving campaign contributions from the Israeli lobby. Going through the list of donations, it appears that almost all members of Congress are on the take.

Kentucky joins **25 other US states that have enacted similar anti-BDS laws** or executive orders.

Montana, Arizona, Colorado, Florida, Georgia, Illinois, Ohio, Indiana, Iowa, South Carolina, Pennsylvania, New Jersey, Rhode Island, Michigan, Texas, Nevada, Kansas, Louisiana and Wisconsin have all passed bills fighting BDS.

The BDS movement promotes financial, academic and cultural boycotts of Israel, ostensibly as a nonviolent protest against the so-called “Israeli occupation.” Critics say its activities are a modern form of anti-Semitism and that its true objective is to destroy the State of Israel.

26 states have anti-BDS laws against Israel. There are no other laws in the US that protect anyone.

4. Strengthening US Security In ME Act

SEC. 111. Findings.

Congress makes the following findings:

(1) In February 1987, the United States granted Israel **major non-NATO ally status**.

(2) On August 16, 2007, the United States and Israel signed a 10-year Memorandum of Understanding on United States military assistance to Israel. The total assistance over the course of this understanding **would equal \$30 billion**

(3) On July 27, 2012, the United States-Israel Enhanced Security Cooperation Act of 2012 (Public Law 112–150; 22 U.S.C. 8601 et seq.) declared it to be the **policy of the United States “to help the Government of Israel preserve its qualitative military edge amid rapid and uncertain regional political transformation”** and stated the sense of Congress that the United States Government should **“provide the Government of Israel defense articles and defense services through such mechanisms as appropriate, to include air refueling tankers, missile defense capabilities, and specialized munitions”**.

(4) On December 19, 2014, President Barack Obama signed into law the United States-Israel Strategic Partnership Act of 2014 (Public Law 113–296) which stated the **sense of Congress that Israel is a major strategic partner of the United States and declared it to be the policy of the United States “to continue to provide Israel with robust security assistance**, including for the procurement of the Iron Dome Missile Defense System”.

(5) Section 1679 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114–92; 129 Stat. 1135) authorized funds to be **appropriated for Israeli cooperative missile**

defense program codevelopment and coproduction, including funds to be provided to the Government of Israel to procure the David's Sling weapon system as well as the Arrow 3 Upper Tier Interceptor Program.

(6) On September 14, 2016, the United States and Israel signed a 10-year Memorandum of Understanding **reaffirming the importance of continuing annual United States military assistance to Israel** and cooperative missile defense programs in a way that enhances Israel's security and strengthens the bilateral relationship between the two countries.

(7) The 2016 Memorandum of Understanding reflected United States support of Foreign Military Financing (FMF) grant assistance to Israel over the 10-year period beginning in fiscal year 2019 and ending in fiscal year 2028. **FMF grant assistance would be at a level of \$3,300,000,000 annually, totaling \$33 billion**, the largest single pledge of military assistance ever and a reiteration of the seven-decade, unshakeable, bipartisan commitment of the United States to Israel's security.

(8) The Memorandum of Understanding also reflected United States support for funding for cooperative programs to develop, produce, and procure missile, rocket, and projectile defense capabilities over a 10-year period beginning in fiscal year 2019 and ending in fiscal year 2028 at a level of **\$500 million per year, totaling \$5 billion**.

5. Thoughts On Omar's Comments

1. Are there many Jewish organizations who lobby the US Congress? YES
2. Does AIPAC spend a lot of money lobbying? YES
3. Does AIPAC "own" the US Congress? YES
4. Does Israel benefit militarily from this? YES
5. Does Israel benefit economically from the anti-BDS laws? YES

6. Does Ilhan Omar get a free pass? NOT QUITE

Ilhan Omar doesn't get a free pass on her comments about AIPAC and Israel for one simple reason: hypocrisy.

While she accurately and truthfully calls out Jewish influence, she intentionally omits **ISLAMIC** influence and lobbying efforts.

Yes, it was a bit misleading to leave this bit out of the title, but it's the form of "lying by omission" that Ilhan Omar would probably approve of.

CAIR-LA is honored to have Congresswoman Ilhan Omar (D-MN) as the featured speaker for the 4th Annual Valley Banquet. Born in Somalia, Ilhan and her family fled the country's civil war when she was 8 years old. They lived in a refugee camp in Kenya for four years before coming to the United States, eventually settling in the Cedar-Riverside neighborhood of Minneapolis in 1997.

Ilhan's interest in politics began at the age of 14 when she was as an interpreter for her grandfather at local DFL caucuses.

This is just a list of lobbyists that are on Saudi Arabia's payroll. Note: that for both Jewish and Islamic lobbyists, there are likely many, MANY more than what are covered here.

But the point in adding this, is that Ilhan Omar is being completely hypocritical to call out Jewish influence in American politics, without at all mentioning the Islamic influence. Some moral consistency would be nice here.

There are also endless demands for accommodation made by Muslims:

1. Demanding accommodation for Islamic symbols
2. Demanding removal of **OTHER** religious symbols
3. Halal meat only
4. Prayer rooms built in schools
5. Build foot wash stations
6. Paid time off to pray

7. Sharia compliant swim times
8. Religious accommodation with uniforms
9. Refusing to say Merry Christmas
10. Repeated attempts to ban criticism of Islam

And this is to say nothing of Islamic terrorism, which exists everywhere.

It would be nice if Ilhan Omar would call out both Jewish and Islamic lobbying efforts. But that will never happen.

If nothing else, that this point away from it. Don't give Ilhan Omar flak for the **TRUTH** she spoke about AIPAC and such lobbyist groups. Instead, give her flak for the **OMISSIONS** she made in leaving out the Islamic lobby.

“Islamic” lobby is Zionist lobby... Whatever Jacob says, Saudi & Co do. <https://www.aljazeera.com/news/2021/4/5/saudi-to-permit-only-vaccinated-pilgrims-from-ramadan-on>
. Does forced vaccination sound Muslim to you? Middle East is controlled by the eugenics who take order from the Zionists... The Aga Khan fraud isn't even a Muslim, he's a Swiss actor playing a role for Rockefeller and Jacob, he's a one world government engineer. Destabilize then promote secession.

I think you're absolutely right when saying we should have less Muslim immigration, but only because the majority of them lately seem to be refugees. If Canada would go back to its old meritocracy and economic immigration only policies, the ideologies of immigration wouldn't matter. An electrical engineer or a surgeon is welcome anytime in Canada, regardless of the word they call God. I believe people who have transcended spiritual beliefs are of better

quality to their society then atheists, regardless of religion. When you don't believe in anything, you end up just looking around at other people. That's the problem in general with the liberal atheists society we live in. It's not reason, it's not rational, it's just mass insanity...

I think your a highly sensitive/gifted individual for sure, I have an obsession with reading/processing information, and can think very critically. I have never come across someone as cursed as me, until I found your site two days ago. I think what your doing is beyond excellent and the truth will see the light of day within the next few years. Not only do you read and type a lot, but you are extremely well informed and very rational as well. I have read many of your articles, even the controlled opposition one is well thought out.

Everyone has blind spots, I wholeheartedly agree with everything you write, and it's been a lot, except the Muslim fear and the "terrorists" part. Like Mark Crispin Miller says, it's very easy for people to spot propaganda they don't agree with, but people have a hard time catching on to propaganda that they agree with. Nobody can name me more than two "terrorist" attack since the 90s that wasn't a false flag and done by a "Muslim". Afghanis, Palestinians, Iraqis, Libyans, Syrians, Iranians and Lebanese are "terrorists" for getting bombed and killed in their own countries? I think those societies and countries are backwards and definitely not role models on how to live, but it doesn't make them "terrorists". The propaganda networks have been socially engineering in the Truman show this Muslim scare, so the zionist get a carte blanche to massacre millions and obliterate entire countries, also getting incredibly rich from government "defense" spending while doing it. The "terrorist" angle was created in the 90s to desensitize the violence done upon them and create a boogeyman. The establishment has moved from the "War on terrorism", to the "War on Virus".

You mentioned omar mateen worked for G4S, Orlando thing was a false flag and it's been massively debunked, they went low budget and stupid play writers on it as well. Even the crisis actors used were horrible, not david hogg bad but almost as bad. I will email you that whole Orlando debunking, with some good truther forums in a moment, so you can realize the truth about all those Muslim "terrorists" attack, there all psyops. Muslims aren't inherently bad people, backward culture? Yes... But more violent or dangerous than average Joe, that's nonsense. People are afraid of what they don't understand. Reminds me of this scene, [https://](https://vimeo.com/494576222)

vimeo.com/494576222 , forward to 1:44 mark. I quote: You're different, sooner or later, "different" scares people. You have a very high EQ and very high fluid intelligence, you will relate...

I'm happy I found this site, I'll be emailing you shortly the debunking of Orlando false flag with truther forums.
